SHADOWLINE DOUBLE PROFILE IN SPOTTED GUM MATTE

## SHADOWLINE

---

Prefinished Natural Timber Lining Boards for Walls and Ceilings

---

- + **NATURAL TIMBER:** Boards are made from Paulownia, a sustainable, lightweight hardwood.
- + **PREFINISHED:** Choose from the matte colour range, no sanding or painting required.
- + **EASY TO INSTALL:** Tongue-and-groove profile allows for quick and easy installation.

# SHADOWLINE

The Shadowline range has a continuous black shadow-gap between the timber boards. This striking feature is a two coat process; meaning the groove of the board is coated in a dark charcoal colour, followed by a natural matte timber colour to the face of the board.

The boards can be used in residential and commercial applications on walls or ceilings.
